Please refer to the section on the product titled "MANUF CODE:"
In this scenario the code will be 4 (four) digits long and also based on
the Julian calander:

If your product's code reads

"MANUF CODE: 0241"

The first 3 (three) digits are the Julian date which listed above states
"024" therefore rendering the 24th day of the year being January 24th.

The last digit "1" is the last digit of the year of manufacturing, this
example being "2011"

This product with a manufacturing code of 0241 was made on
January 24th 2011.
